## **Annual Meeting:**

The August newsletter outlined our clubs progress to date and included a notice of our annual meeting to be held on September 10. A primary purpose of the meeting was to hold our annual elections. Due to the poor turnout, hopefully just because of harvest, it was decided to postpone the elections to the next meeting. **This will be October 8.** Please make the time to come to this meeting as your support is critical to the current and future executive and to the well being of your club as well.

## **Raffle:**

Tickets for our third fund raising raffle will be available shortly from the executive. Prizes are: 1. The choice between the antler carving by Don Fadden featured in the last newsletter and a framed wildlife print of a grizzly entitled Denali Spring. This can be viewed at the East Alta Coop Hardware store. These are valued at approximately

300 dollars. 2. The item remaining after the first draw is chosen. 3. A soft long gun case embroidered with the club logo.

Tickets are \$1.00 each or 3 for \$5.00.

The draw will be held during the East Alta Big Buck contest on December 9, 2003.

## **2<sup>nd</sup> Annual Deer Hunter Shoot:**

This shoot is scheduled for Sunday October 19. We are holding it earlier than last year in the hopes that the weather will be kinder to us encouraging more shooters to attend. Any rifle that is legal for big game hunting in Alberta will be eligible and categories will include black powder, scoped and open sights. Individuals can enter with as many firearms and in as many categories as they wish. More information will be forthcoming.

## **Coyote Hunts:**

This year's coyote hunts will be modified to promote the club and further good sportsmanship. Any animals harvested will be donated to the club for fundraising purposes while the entry fees will go towards a catered meal for all participants at the end of each hunt. This will be a time for fellowship and tall tales. Details will be available at the Big Buck contest.

## **Vandalism:**

Vandalism is still occurring at the club. Someone is deliberately shooting at the facing boards on the backstop and at the target holders themselves. **These are not targets.** Please restrict your shooting to targets mounted on the target stands, the rifle gongs placed at the 200 and 250 yard ranges, and the metal reactive targets for .22 caliber only placed at 25 and 50 yards.
